Pipe & Hose Cutters

T Series

HARVARD CONTRACTOR'S Plastic Pipe & Hose Cutter Features:

- Heavy duty, glass reinforced nylon handles.
- Handles designed with matted surface and finger indentation for firm gripping in any weather conditions.
- Handle "bridge" support structure designed to eliminate deflection, bending or breaking while cutting for straighter, truer cut every time.
- "100" and "135" available in black or yellow. "200" available in black.
- Available with either PTFE coated hardened tool steel or polished high-carbon stainless steel blades specially honed to maintain their edge longer than competitive blades.
- Cutter blades individually laser etched with "100", "135" or "200" for easy identification. Replacement blades are blister packed with knock out pin.
- All Harvard Plastic Pipe and Hose cutters are blister packed with an attractive hang-up card.

The unique cutting action of the Harvard Contractor's cutter is produced by slightly rotating or rocking the cutter on the pipe while squeezing lightly on the handles. After just a few cuts, anyone can make fast, clean, straight cuts. The rotating action is not necessary for rubber hose or soft tubing (except when cutting 2" or larger hose with the SS200).

Pipe & Hose Cutters & Cable Saws

APC100SS

HARVARD CONTRACTOR'S Plastic Pipe & Hose Cutter with Spring Action Features:

- Heavy duty, cast metal handles.
- Handles designed with matted surface and finger indentation for firm gripping in any weather conditions.
- Spring action for easy use.
- Latch handle for carrying in closed position.
- **Reversible**, replaceable polished high carbon stainless steel blades honed to maintain thin edge longer than competitive blades.
- Cuts PE, Rubber hose & PVC (Class & Sch 40) through 1" ID (max diameter 1 3/8")
- Blister packed with an attractive hang-up card.

The unique cutting action of the Harvard Contractor's cutter is produced by slightly rotating or rocking the cutter on the pipe while squeezing lightly on the handles. After just a few cuts, anyone can make fast, clean, straight cuts. The rotating action is not necessary for rubber hose or soft tubing.

PVC & ABS Saws and Hacksaws

TBS300

14" PVC/ABS Tool Box Saw Features:

- 14" saw for use with PVC or ABS.
- One saw for all applications.
- Cuts wood, aluminum and drain pipe.
- Durable ABS handle.
- Tempered steel blade.
- 15 teeth, 16 points.
- Cuts in both directions.

PVCSW

PVC/ABS Saw Features:

- 12" or 18" saw blade lengths.
- Aluminum die cast handle for sure grip.
- Cuts large diameter PVC or ABS pipe.
- Cuts drywall, paneling, plywood or plaster board.
- Precision milled teeth for faster, cleaner cuts.
- Induction hardened teeth for longer life.
- Cuts in both directions.
- Quick change design allows for changing blades without tools.
- Replacement blades available.

ET1983	120, 240, 440V tester	10/120	\$ 10.18

ETLV1959

ETLV1959 LOW VOLTAGE Electrical Tester Features:

- Checks 6, 12, 24 and 48V AC/DC
- Handy, low cost tester for low voltage applications.
- Ideal for irrigation and landscape lighting installations and repairs.
- Extra long insulated lead with alligator clip for added convenience.
- Easy to read, bright LED indicator lights.
- Requires no batteries.
- Packaged in polybag with instructions.
- Meets CE requirements.

Part Number	Description	Ctn/Case Qty	List Price
ETLV1959	6, 12, 24, 48V tester	50/200	\$ 9.11↓

CAUTION:

Only the voltages indicated on the tester may be checked. Use extreme caution when checking any electrical circuits to avoid injury due to electrical shock. Basic knowledge of electricity on the part of the purchaser is assumed and American Granby and its manufacturer are not responsible for injury or damages due to improper use of this tester.

WCS1022, WCS1022MU

HARVARD CONTRACTOR'S WCS1022 Wire Cutter/Strippers Features:

- Combination wire cutter and stripper.
- Strips wire sizes 22-10 AWG.
- Heavy duty scissor opening spring.
- Cushioned plastic grips.
- Easy locking thumb lock.

HARVARD CONTRACTOR'S WCS1022MU Wire Cutter/Stripper/Crimper Features:

- Compact, high quality multi-use tool designed for perform six most common electrical wiring functions.
- Made of heat-treated carbon steel.
- Handles a variety of terminal and connector styles-insulated and non-insulated.
- Wire range 22-10 AWG.
- Anvil-type wire cutter for clean cuts.
- Crimp dies for 22-10 AWG non-insulated terminals and connectors.
- Wire stripping stations for circumferencial cutless effort.
- Crimp die for 7 and 8 mm ignition parts.
- Cushioned plastic grips.
